Why take Key?

It's based on language used in real situations. You will develop spoken and written competences, and you'll be able to use simple English during trips, for studying and in a work environment. It is recognised by MIUR and accepted by most high-schools in Italy as an Entry Level Certification at year 1.

What is the exam like?

The exam is divided into three parts. *Reading & Writing, Listening and Speaking*. The written tests have a total duration of more or less 2 hours. The speaking test could take place in a different day from the written part of the exam and it lasts approximately 10 minutes.

How do I prepare for it?

Candidates can prepare for KET attending courses, or consulting the wide range of specifically arranged books and materials (paper and digital ones). To find materials or exams simulations click <http://www.cambridgeenglish.org/exams/key/preparation/> or <http://www.cambridgeenglish.org/exams/key-for-schools/preparation> if you want the *for schools* version.

When can I do the exam?

Please visit <https://cemdesk.com/ihpalermo/examenes/1/>, select the KET exams and then CERCA. You will see all the exam dates and will be able to pay online.

The Confirmation of Entry (location, timetable, etc) is sent via e-mail to the candidates the week before the exam. The speaking test may be before or after written papers and not necessarily on the same day.
